

saporiti italia

the saporiti italia group

Saporiti Italia, founded by Mr. Sergio Saporiti and entirely owned by the Saporiti family, is one of the most famous Italian interior design and furniture manufacturing company.

Since more than 50 years the Saporiti Italia home and office collections are sold through a network of exclusive and selected dealers located in some of the most important cities of the world: Milan, Paris, Athens, Frankfurt, Moscow, Istanbul, Dubai, Mumbai, Tokyo, Hong Kong, Singapore, New York, Chicago, Miami and others.

Some of the Saporiti products have been exhibited in the most prestigious design and art museums of the world.

The company collaborates with some of the most important and famous international architects and interior designers, such as Pierluigi Cerri, Richard Fleischman, Massimiliano Fuksas, Setsu & Shinobu Ito, Carlos Zapata, Toshiyuki Kita, John Portman, James Wines, Shin Takamatsu, Mauro Lipparini, Park Associati, Claudio Nardi, Giulio Ceppi, Alain Renk, and many more.

In recent years, the furnishing contract business is the area where the Saporiti Group has invested more resources and has achieved the more interesting results.

The list of the realizations accomplished by the Contract Division of the Group includes hotels, conference centers, banks, offices, airports, compounds of villas and residences, etc..

The company is an official supplier to some of the most famous hotel chains in the world, having created interior design projects for groups like Ritz-Carlton, Sheraton, Hilton, Crowne Plaza, Holiday Inn, Pan Pacific, Oberoi, Sofitel, Intercontinental and many more.

The Saporiti Contract Division proposes itself as an interior design company with the capability to supply FF&E (furniture fixtures and equipment) as well as full interior design works (millworks, joineries, finishes in wood, marble, glass, etc.).

Saporiti Italia has the ability to manufacture many different types of furniture, both for residential and commercial projects. Situated in Besnate, 40 kilometers North of Milan in the Province of Varese, just a few minutes from the Milan Malpensa Airport, Saporiti Italia the 15,000 sqm manufacturing plants are strategically located in an area concentrated with furniture, textile, glass and metal suppliers and contractors.

This location allows the company to manufacture and procure all types of different components or finished products required to execute the following furniture products:

- Wooden chairs and armchairs
- Upholstered chairs and armchairs
- Metallic chairs and armchairs
- Upholstered sofas and recliners
- Dining tables in wood, metal or glass
- Sideboards
- Wall units and libraries
- Wooden and upholstered beds
- Wardrobes and cabinets
- Night tables
- Office desks
- Conference tables
- Office chairs

In addition to the above catalogue products, Saporiti Italia Gidatex can produce the following custom made products for contract realizations:

- Hotel rooms
- Wall panelling and cladding of various materials
- Counters and special desks
- Internal doors, windows and frames
- Office workstations
- Airport benches

The technical processes available at Saporiti Italia and at its affiliated companies and sub-contractors, include:

- Solid wood, plywood and chipboard - based furniture production
- Acrylic, polyurethane, polyester and water varnishing
- Upholstered furniture production, with wood and/or metal frames
- Automatic and manual fabric cutting and stitching
- Rigid and soft polyurethane injection
- Vacuum moulding
- Aluminum casting
- Glass forming, cutting, molding, coloring and water- or laser-cutting.

In addition to its facilities and suppliers in Italy, the Saporiti Group has joint ventures and technical collaboration agreements with qualified suppliers in Asia, for the manufacturing of steel, wood and upholstered components for its products.

This international network of collaborations, allows Saporiti Italia to offer the most flexible service to its contract clients.

When involved in a complete “turn-key” realization, the company offers to its clients also procurement and installation of internal decoration materials, such as wooden or textile floorings, claddings, light systems, etc..

Custom-made products and services, an extremely high level in product manufacturing and a particular care in following the customer needs and requests, are the winning arguments that created the Saporiti Italia reputation all over the world.
