

saporiti italia

the saporiti italia contract division

Saporiti Italia, founded by Mr. Sergio Saporiti and entirely owned by the Saporiti family, is one of the most famous Italian interior design and furniture manufacturing company.

Saporiti Italia has been engaged in contract activities all over the world since more than 30 years.

The list of the realizations accomplished by the Contract Division of the Saporiti Group includes hotels, conference centers, banks, offices, shops, airports, villa, residence and other projects.

Saporiti Contract proposes itself as an interior design company with the capability to supply FF&E as well as full interior design works.

Thanks to the coordinated work of the Saporiti Contract Division, the manufacturing and sourcing experience of Saporiti Italia and the creative capability of Saporiti Design, the Saporiti Group offers the unique experience of a real "Design & Build" process.

A Design & Build contract with Saporiti Italia ensures that a project moves quickly and rationally from concept to completion in the most efficient way for the owner, the architect and the project manager.

The Saporiti Contract Design & Build process offers the benefits of a seamless, efficient, cost and time effective way to get projects built. It reduces the risks of delays and unexpected modifications, it increases the quality of the final product and it ensures a perfectly coordinated result.

Saporiti Italia has the ability to manufacture many different types of furniture, both for residential and commercial projects. Situated in Besnate, 40 kilometers North of Milan in the Province of Varese, Italy, Saporiti Italia Gidatex the 5,000 sqm manufacturing plants are strategically located in an area concentrated with furniture, textile, glass and metal suppliers and contractors.

This location allows the company to manufacture and procure all types of different components or finished products required to execute the following furniture products:

- Wooden chairs and armchairs
- Upholstered chairs and armchairs
- Metallic chairs and armchairs
- Upholstered sofas and recliners
- Dining tables in wood, metal or glass
- Sideboards
- Wall units and libraries
- Wooden and upholstered beds
- Wardrobes and cabinets
- Night tables
- Office desks
- Conference tables
- Office chairs

In addition to the above catalogue products, Saporiti Italia Gidatex can produce the following custom made products for contract realizations:

- Hotel rooms
- Wall paneling and cladding of various materials
- Counters and special desks
- Internal doors, windows and frames
- Office workstations
- Airport benches

When involved in a complete "turn-key" realization, the company offers to its clients also procurement and installation of internal decoration materials, such as wooden or textile floorings, claddings, light systems, etc.. The technical processes available at Saporiti Italia Gidatex and at its affiliated companies and sub-contractors, include:

- Solid wood, plywood and chipboard - based furniture production
- Acrylic, polyurethane, polyester and water varnishing
- Upholstered furniture production, with wood and/or metal frames
- Automatic and manual fabric cutting and stitching
- Rigid and soft polyurethane injection
- Vacuum molding
- Aluminum casting
- Glass forming, cutting, molding, coloring and water- or laser-cutting.

In addition to its facilities and suppliers in Italy, the Saporiti Group has joint ventures and technical collaboration agreements with qualified suppliers in Asia, for the manufacturing of steel, wood and upholstered components for its products.

This international network of collaborations, allows Saporiti Italia to offer the most flexible service to its contract clients.

Custom-made products and services, an extremely high level in product manufacturing and a particular care in following the customer needs and requests, are the winning arguments that created the Saporiti Italia reputation all over the world.

Here we list some of the most important interior design and turn-key furnishing realizations developed by the Saporiti Group (for reasons of discretion, palaces and private residences are not listed).
